

# TracVision® TV8

Marine Satellite TV Antenna System

## Key Features & Benefits

- Ultra-high efficiency 81 cm (32 inch) diameter antenna
- Supports popular Ku-band HDTV and standard-definition satellite TV programming around the globe
- Proprietary RingFire™ technology for outstanding reception and signal gain when heading offshore
- Worldwide TV satellite library preprogrammed to track more than 90 TV satellites around the world
- Supports automatic satellite switching from remote control
- 43 dBW minimum EIRP signal strength for extended travel range
- High-performance DVB®-S2 tracking for superior offshore performance in demanding conditions
- Some installations require only a single coaxial cable, plus mounting pattern matches competitive system models for easy upgrades and retrofits\*
- Easy setup and system control with KVH's exclusive TracVision app for iOS®, iPadOS®, and Android™
- World-class global support and 24/7/365 online troubleshooting

## Expanded global coverage for satellite TV reception on your yacht

One of the pleasures of a fully equipped yacht is the ability to watch satellite TV from the comfort of your stateroom or salon. With KVH's powerful and sleek TracVision TV8, you can count on high-performance tracking and excellent reception (including high-definition programming) no matter what part of the world your favorite cruising grounds are found. The 81 cm (32 inch) diameter antenna features an expanded coverage footprint so you can enjoy hundreds of channels of uninterrupted, crystal-clear digital entertainment with CD-quality sound.

## TV-Hub offers advanced technology that's easy to use

The TracVision TV8 features the innovative TV-Hub, a streamlined belowdecks unit that makes it extremely easy to use your satellite TV system. The TV-Hub's user interface, designed for viewing on your smartphone, tablet, smart TV, or computer, enables a wizard for easy installation and setup and puts advanced satellite switching and system controls at your fingertips.

## Worldwide TV satellite library for all your favorite programming

Relax on your yacht and watch your favorite satellite TV programming thanks to TracVision TV8's extensive built-in worldwide satellite TV library. You'll be able to view programming from satellite services around the globe and, with the built-in library, there is no need to add satellites manually. Just choose the program and enjoy.

\*Additional RF cables may be required for some configurations

# TracVision TV8

## Technology in hand

The TracVision TV-Hub brings unparalleled ease to every aspect of controlling the vessel's satellite TV system with a state-of-the-art web interface designed for optimal viewing on any smartphone, tablet, smart TV, or computer:

- Wizard for easy installation and setup
- Fast troubleshooting with antenna status and advanced system diagnostics
- Remote software and satellite library updates
- Advanced automatic or manual satellite switching capabilities
- Extensive built-in worldwide satellite library

## TracVision App for smartphones and tablets: convenient control in the palm of your hand

KVH's TracVision app for iOS, iPadOS, and Android assists with setup and installation and gives you control to switch satellites and services, view signal strength, download software updates, and send information directly to KVH technical support.

## KVH's award-winning antenna systems recognized by NMEA

For 22 consecutive years, KVH's TracVision systems have won the National Marine Electronics Association (NMEA) Product Excellence Award. NMEA is an industry group made up of more than 600 companies, including manufacturers, dealers, and boat builders – in other words, the people who really know marine electronics.

## Solid warranty with world-class support

KVH customers enjoy a 24/7/365 online support and troubleshooting system; a responsive, international KVH service and support team; a broad-based network of authorized dealers and distributors; and the KVH Certified Support Network (CSN). An ISO 9001:2015-certified organization, KVH meets the highest international standards for quality. The TracVision TV8 comes complete with a 2-year Parts/1-Year Labor Warranty.

## TracVision TV8 Specifications

Satellite Coverage Regions <sup>1,2</sup>	Worldwide <sup>3</sup>
Antenna Dish Diameter	81.3 cm (32")
Antenna Unit Diameter x Height	88.9 cm x 99.9 cm (35" x 39.3")
Antenna Unit Weight	40 kg (88.2 lbs)
Minimum EIRP (Ku-band) <sup>4</sup>	43 dBW
LNB Types Available (polarization/output)	Linear Universal Quad Circular DIRECTV L.A. Circular Tri-Americas Circular <sup>5</sup>
Tracking Technology	High-performance
User Interface	TV-Hub web interface
System Power	10-30 VDC 60 watts nominal
Warranty <sup>6</sup>	2-year Parts, 1-year Labor

<sup>1</sup> Services may require different LNB types.

<sup>2</sup> For details, visit [www.kvh.com/tvfootprints](http://www.kvh.com/tvfootprints).

<sup>3</sup> Requires region-specific receiver and service. Receiver not included.

<sup>4</sup> Minimum EIRP values are average approximate figures that may vary according to actual transponder frequency and location.

<sup>5</sup> Tri-Americas Circular is a dual-band LNB for both DIRECTV L.A. and DIRECTV U.S. services.

<sup>6</sup> Unless subject to in-country regulations.

## Add a TracPhone® antenna system as your SATCOM solution

KVH has sold and fielded more than 200,000 mobile satellite antennas worldwide. Rely on KVH as your single source for all of your maritime needs, including global communications via KVH's industry-leading mini-VSAT Broadband service and TracPhone SATCOM systems.
